Convocation at Carleton University

The Convocation ceremony (the calling together of the academic assembly) has its roots in university traditions of medieval Europe.

The Mace

The mace is a staff symbolizing authority. In the days of knighthood, it was a weapon, but after the 16th century it became solely a symbol of authority carried by a distinguished member of an assembly. It is used on ceremonial occasions to signify the right of an individual or institution to perform a certain function—in the case of universities, to grant degrees.

At Convocation, the mace is carried ahead of the Chancellor as he enters and leaves each ceremony. (Marshal of Convocation H.H.J. Nesbitt has performed this function for all but one of the University's Convocations.) During the ceremony the mace is displayed on a special stand as an embodiment of the authority of the University.

Carleton's mace was presented to the University in 1976 as a gift from the Chair of the Board of Governors at that time, Mr. Hyman Soloway. It is a silver-plated staff approximately three feet long. At the upper end there is a bowl marked with the University's original crest and the University motto in both Latin and English—"Opera Nobis Aeterna" and "Ours the Task Eternal." From the upper portion of the bowl rises a phoenix. Traditional oak leaves surround the lower end of the staff.

Coat of Arms

The coat of arms was presented to the University by His Excellency The Right Honourable Ramon John Hnatyshyn, Governor General of Canada, on November 15, 1992 as part of Carleton's 50th anniversary celebrations. It is described in heraldic terms as follows: "Sable a maple leaf Gules irradiated and charged with an open book Argent; And for a Crest: on a wreath Argent Sable and Gules a Phoenix Gules quilled and beaked Or issuing from flames proper; And for a Motto: Ours the Task Eternal; And for Supporters: on a grassy mount on either side a raven Sable beaked and membered or armed Gules."

The open book on the maple leaf signifies that Carleton University is in the nation's capital and that learning is open to all who wish to partake of it. The phoenix, the legendary eternal bird, symbolizes the renewing of learning from older foundations, in recognition of Henry Marshall Tory's role in the founding of the University when he was 82 years old. "Ours the Task Eternal" is taken from a Walt Whitman poem entitled "Pioneers" and ties in with the eternal quality of the phoenix.

And so, the Carleton University coat of arms symbolizes sound learning, good citizenship, and the highest hopes of humanity.

The Diploma

The diploma the graduates receive at Convocation is the certificate of qualification which publishes the fact that the student has fulfilled all the requirements and completed the prescribed course of study for the degree. As the senior academic legislative body of the University, it is the Senate which has determined whether the requirements have been met. The signatures of both the Chancellor and the President of the University appear on the diploma: the Chancellor because of his role in conferring the degree, and the President who, as Chair of Senate, certifies that Senate has enacted the required motion to award the degree. The Seal of the University is affixed to the diploma as a mark of authentication.

Academic Dress

The academic dress of Carleton University results from a compromise between that found in the ancient foundations of Britain and Canada and the American Intercollegiate Code. All three hoods—bachelor's, master's, and doctor's —are of the simple or Oxford shape. The bachelor's hood is made of black stuff; the master's and doctor's are made of black silk and all are lined with silver silk with two chevrons, one of red and one of black. From bachelor's to doctor's, the hoods are progressively longer and opened to show more and more of the lining.

The velvet border of the hoods denotes the degrees granted according to the following colour combinations: architecture is cerise; arts is white; commerce is camel brown; computer science is royal blue; engineering is orange; industrial design is dark cardinal; journalism is white with a black cord sewn slightly in from the lower border; management studies is camel brown with a black cord sewn slightly in from the lower border; music is venetian pink; public administration is peacock blue; science is golden yellow; social work is cream; and doctor of philosophy is purple.

The bachelor's gown, to be worn with the above hoods, is of full length, made of black stuff, with a gathered yoke behind, and long open-fronted sleeves. The master's gown is of full style, made of black silk or rayon, with a full gathered yoke behind, and closed sleeves with an opening at the elbows. The doctoral gown is of the same style as the master's, but made of fine royal blue cloth with facings of light blue silk.

The two shades of blue in the doctoral gown are those of the United Nations, and are meant to recognize the University's long-standing interest, from its earliest years, in international affairs and issues. The colours were chosen when the University awarded its first honorary degree, in 1954, to the second Secretary General of the United Nations, the late Dag Hammarskjöld. The tradition of awarding honorary degrees to Secretaries General of the United Nations has continued since that time.

The gown of the Honorary Doctor of Laws, Literature, Science, Engineering, Architecture, or Fine Arts is a full robe with bell-shaped sleeves. It is made of fine royal blue cloth with facings and sleeves in light blue silk. The hood is made of the same material as the gown, has the same lining as that for degrees by examination, and is bordered with dark mauve for the degree of Doctor of Laws; vibrant blue for the degree of Doctor of Literature; red for the degree of Doctor of Science; orange for the degree of Doctor of Engineering; cerise for the degree of Doctor of Architecture; and dark cardinal for the degree of Doctor of Fine Arts.

The Presiding Officer of Convocation is the Chancellor of the University, Arthur Kroeger, O.C., M.A., LL.D.

Accompanying him on the podium are Iris L. Craig, B.A., representing the Board of Governors, and Robin H. Farquhar, M.A., Ph.D., F.C.C.E.A., President and Vice-Chancellor.

Assisting the Chancellor are:

Robert D. Schad

Robert D. Schad, founder and President of Husky Injection Molding Systems Ltd., will be awarded the degree of Doctor of Engineering, *honoris causa*, at the morning ceremony on Sunday, November 26, "in recognition of a distinguished contribution to Canada's manufacturing sector, exemplifying engineering excellence and a commitment to the protection of the environment, the well-being of employees, and the development of the future work force through collaborative training and apprenticeship programs."

Robert Schad was born in Karlsruhe, Germany in 1928. He took engineering courses at the University of Karlsruhe before emigrating to Canada in the early 1950s. Mr. Schad settled in Toronto and started a small machine shop specializing in building molds for the burgeoning plastic container industry. His company quickly emerged as a leader in the field of molds for high speed, thin wall plastic container molds. In 1961, Mr. Schad and his team revolutionized the injection molding machine market with the introduction of a high speed mechanical toggle machine which outperformed any other machine on the market at the time. Since then, Mr. Schad has become an internationally recognized entrepreneur and technical innovator as well as a significant contributor to high technology education in Canada. He holds over 40 patents in the field of mechanical design and injection molding. Husky Injection Molding Systems Ltd. has become a leader in quality employment that has provided hundreds of millions of dollars of export trade for Canada. In 1995, the company won the Ontario Lieutenant Governor's Award for Conservation.

In addition to his business activities, Mr. Schad has been recognized as a committed environmentalist. His endeavours to promote environmental awareness and concern for wildlife are renowned. He has taken part in many charitable events for environmental causes and has recently funded a $150,000 prize to encourage environmentally sound solutions in the injection molding industry.

Mr. Schad is Chair of the Canadian College of Naturopathic Medicine and is a member of the Board of Directors of the World Wildlife Fund Canada.

O Canada

O Canada! Our home and native land!
True patriot love in all thy sons command.
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada,
We stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee.
O Canada, we stand on guard for thee.

Elizabeth Dowdeswell, B.S.H.Ec., M.Sc., LL.D., D.E.S.

Elizabeth Dowdeswell, Under-Secretary-General of the United Nations and Executive Director of the United Nations Environment Program, will be awarded the degree of Doctor of Laws, *honoris causa*, at the afternoon ceremony on Sunday, November 26, "in recognition of distinguished and innovative leadership, as a Canadian and international public servant, in the areas of public policy, particularly that relating to environmental issues."

Elizabeth Dowdeswell was born in the County of Antrim in Northern Ireland. Her family emigrated to Canada when she was five, settling in southern Saskatchewan. She received a Bachelor of Science degree in home economics from the University of Saskatchewan in 1966 and a Master of Science degree in behavioural sciences from Utah State University in 1972. She also holds a teaching certificate from the University of Saskatchewan.

From 1966 to 1973 Ms Dowdeswell taught at the Swift Current Comprehensive School. Her early career also included terms as human rights ombudsman, university lecturer, program consultant for the Saskatchewan Department of Education, and as a high school teacher.

Ms Dowdeswell served as Deputy Minister of the Saskatchewan Department of Youth and Culture from 1978 to 1982. During her years in this post, she directed a major review of cultural policy and developed heritage legislation that continues to be a national standard.

From 1983 to 1986 Elizabeth Dowdeswell held a number of positions with the federal Treasury Board. From 1986 through 1989 she was Chief Executive Officer of the Royal Commission on Unemployment Insurance. From 1989 to 1993 she was first a regional director-general and then Assistant Deputy Minister at Environment Canada. Concurrently she directed Canada's primary weather and atmosphere agency, the Atmospheric Environment Service. Ms Dowdeswell was Canada's principal delegate to the Intergovernmental Panel on Climate Change and Co-chair of the working group on mechanisms in the negotiations leading to the Framework Convention on Climate Change, which was adopted in June, 1992 at the United Nations Conference on Environment and Development in Rio de Janeiro. She has been Canada's Permanent Representative to the World Meteorological Organization, twice elected to its Executive Council. She has also served as Canadian Chair of the Great Lakes Water Quality Board for the Canada-United States International Joint Commission.

In January, 1993, Elizabeth Dowdeswell was appointed Under-Secretary-General of the United Nations and Executive Director of the United Nations Environment Program, the first woman and the second Canadian to head this program. She is also Executive Director of the United Nations Centre for Human Settlement (Habitat Program).

Ms Dowdeswell has been awarded two honorary degrees: a Doctor of Laws from the University of Saskatchewan (1994); and a Doctor of Environmental Sciences from Utah State University (1995).

Sunday,
November 26, 2:30 p.m.

O Canada

O Canada! Our home and native land!
True patriot love in all thy sons command.
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada,
We stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee.
O Canada, we stand on guard for thee.

Scholarship and Award Winners 1995

Each year, Carleton University awards up to 930 entrance and in-course scholarships to undergraduate students who have demonstrated a high potential for academic achievement. These awards provide monetary incentives (a yearly total of $1,189,245) to attract and recognize academic excellence. The awards range in value up to $20,000 for Carleton's prestigious Chancellor's Scholarship.
